Calicinto Noteworthy News Flash:

A Big Thank You is in store for **Mr. John Lasswell** who so generously gave of his time and talents by spending a day to fix the tractor at Calicinto Ranch. John, whose son attends VIP TOTS, is familiar with Calicinto. For the past three years he had experienced first hand what goes on at Calicinto when he attended field trips there with his son's school. John was so inspired by the wonderful experiences he and his son enjoyed at Calicinto, he eagerly offered his time to help out! So on January 19, 2008 John so kindly fixed our Case Front End Loader Tractor. Wow! Perfect timing too, with all the recent rains, Calicinto roads will now be in better shape!

Thanks John!

Around the Barn-

There was a lot of neighing going on at Calicinto this past January. Special thanks goes out to **Missy Morrison** who so generously donated a beautiful healthy pony. "Butterfly Kisses" is a registered POA mare and a wonderful asset to our horse program! Calicinto has been the recipient of a wonderful gift, thanks to Missy who works at Star Milling and a special Yee Haw to all our friends there at **Star Milling!** "Butterfly Kisses" has been happily munching on hay and getting acquainted with the rest of the Calicinto horse family. We are thrilled to be able to see many children as well as adults experience our horses at Calicinto, which we use to help develop communication and trust. Thank you, Missy from Star Milling for helping make our riding program a big hit!

We are so grateful to our friends, volunteers and supporters-Your dedication and commitment to our youth really show!

-Thank You!
